CONTROL VALVES AND REGULATORS

FISHER

Control Valves
Field Instrumentation
General & Severe Service Control Valves
Pneumatic & Electric Control Valve Repair
Control Valve Diagnostics
Field Service
FIELDVUE® Digital Valve Controllers
Pressure Regulators
Air Regulators
Steam Regulators
Tank Blanketing
Fuel Gas Regulators
House Service Regulators
Pipeline Instrument Supply Systems

BAUMANN

Low Flow Control Valves
General Purpose Valves
Sanitary Valves

INSTRUMENT & VALVE SERVICES

- Control valve and actuator repair – all brands, pneumatic & electric
- Quarter turn valve and actuator repair – all brands
- Electric actuator repair – all brands
- Pneumatic and electronic instrument repair
- Level Control/Switch Repair

VALVE AUTOMATION DIVISION

- EIM Electric Actuators
- High-Performance Ball Valves
- General Service Ball Valves
- Actuators and Controls
- High-Performance Butterfly Valves
- Knife Gate Valves
- Valvetop Valve Control Solutions
- GO Switches
- Instrument Air Solutions
- Position Transmitters
- Emergency Shutdown Systems
- Pneumatic Cylinders

WIRELESS PLANT NETWORKS

- Wireless Gateway
- Valve Position/Motion Transmitter & Switch
- THUM HART Adapter
- Vibration Monitoring
- Cisco Wireless Plant Solutions

WirelessHART

PROCESS CONTROL SOLUTIONS

- Emerson Process Systems & Solutions
- DeltaV Systems Integration
- DCS Integration, PLC Integration
- Safety Systems Integration Including:
 - DeltaV SIS
 - Rockwell Automation & Triconex
- Advanced Process Control
- Fieldbus Systems
- SCADA Design & Implementation
- Satellite Communications Networking
- Panel Fabrication Shop
- OSI-PI
- Wireless Implementation
- Fisher ROC Systems
- Bristol ControlWave
- Compressor Controls Corporation

REMOTE AUTOMATION SOLUTIONS

- Flow Computers
- PLC's

ASSET OPTIMIZATION

- AMS Suite
 - AMS Asset Portal
 - AMS Device Manager for accessing and utilizing the powerful predictive diagnostics embedded in smart field devices
 - AMS Machinery Monitor for rotating equipment including motors and pumps
 - AMS Performance Monitor for process equipment
- 475 Field Communicators
- Electrical Reliability Services
- PlantWeb Services
- Variability Audits to tune and optimize your control loops

EDUCATION AND TRAINING SOLUTIONS

- Emerson Factory Authorized Training
- Local Training – On-site or at Scallon Controls
- Customized Training Classes
