Factory Acceptance Testing
Commission & Process Startup Support

Consulting Services

Project Management
Advanced Control, Safety System SRS Development, & SIL Level Validation
Long-term, On-site Resident Engineers

RELIABILITY SOLUTIONS

Asset Performance Monitoring

- AMS Machine Works
- AMS Machinery Manager
- AMS Device Manager

Collection, Analysis, & Configuration Devices

- AMS Wireless Vibration Monitor
- AMS 9420 Wireless Vibration Transmitter
- Wireless Gateways
- AMS Trex™ Device Communicator
- AMS 2140 Machinery Health Analyzer

Continuous Monitoring

- AMS Asset Monitor
- AMS 6500 Machinery Health Monitor
- AMS 6500 ATG Protection
- Sensors & Cables

AMS

RELIABILITY SERVICES

- PdM Route-based Services
- Advanced Online Diagnostics
- Turbomachinery System Services
- Software Configuration & Engineering Services
- In-field Balancing

At a Glance

- 36-Acre Campus
- 150,000 sq. ft. Service Center & Fabrication Facility
- Local, Employee-owned Business With Over 200 Employees
- 150+ Technicians & Engineers
- \$12M Local Inventory, With Access to \$400M
- 'Best of the Best' Winner
- Motiva Safety Performance Award
- ISTC Industrial Safety Awards
- Lamar University Community Involvement
- Hurricane Remediation; Facilities Are Disaster Recovery Ready

Facilities/Capabilities

- ASME UV & V Certified
- National Board VR Sec. 1, Sec. 8, & TO Certified
- 46' Fully Outfitted Field Service Trailer
- Extensive Machining Capabilities
- 36" Dunn Hydro-test Stand
- Metal-seated Ball Lapping Machine
- O2 Clean Room
- Factory-Certified Technicians
- Factory-Certified Welding Capabilities

For almost 50 years, Scallon Controls has been serving The Golden Triangle and adjacent counties throughout East and Southeast Texas with quality products, superior service, and an unwavering commitment to our customers.

As an Emerson Impact Partner, we are the leader in Control Valves, Natural Gas & Industrial Regulators, Isolation Valves & Valve Automation, Pressure Relief Valves & Tank Management, Industrial Control Systems, and Reliability Solutions. Our extensive 36-acre campus, headquartered in Beaumont, houses our Controls, Valves, and Automation Centers of Excellence. Scallon is known for our 'customer-first' culture, extensive solutions portfolio, and loyal team of field technicians and engineering experts.
