

## Get Your PRVs When You Need Them With QuickShip Emergency Service From Scallon & Emerson

Speed and reliability are crucial when you need an immediate replacement for a critical PRV or part. That's why it's important to partner with Scallon Controls and Emerson to source or manufacture the exact item you need, and have it shipped to your location in the event of a critical situation.

Through our QuickShip Emergency Service, you can be confident of having immediate access to the part or product you need, delivered to your site as quickly as possible. QuickShip Emergency connects you to our dedicated representatives—around the clock—to help identify the correct part or product, evaluate viable options, and process your order quickly. We'll also leverage Emerson's network of suppliers throughout our expanded region, as needed. In essence, we have access to over \$50M of inventory within the state of Texas.

With QuickShip Emergency, we can help resolve your crisis and get you that critical part or product as quickly as possible.

**QuickShip is a world-class fulfillment program that allows for fast shipment of parts and products to maximize speed and responsiveness. It leverages Emerson's global infrastructure, local presence and commitment to service to help you avoid downtime, stay on schedule, respond to the unexpected, and control costs in today's challenging environments.**

## QuickShip Emergency provides:

- Support for a range of pressure relief valve configurations
- Reliable lead times by shipping the same day if the item is in stock
