

Think Valves. Know Scallon.

You need a trusted partner to keep your facility up and running, reliably. That's why we keep a local, extensive inventory of not only Control Valves, but also Isolation Valves, Actuators, Pressure Relief Valves, Regulators, and Instrumentation products. Our engineers and service technicians are right here in Beaumont, Texas—just a short drive from your facility.

When you think about any type of valve (isolation, control, pressure relief/safety) or actuator, get to know the full capabilities of the local partner you've come to know and trust, Scallon Controls.

The Scallon Advantage

Scallon Controls has the expertise and products to meet your specifications, no matter the size of the valves needed, the amount of customization desired, or automation requirements. We engineer each valve correctly the first time, so you don't have to deal with downtime or delays.

We Have a Large Inventory of Isolation and Actuation Products

Isolation Valves

- Ball Valves
- Butterfly Valves
- Triple-Offset Valves
- Knife Gate Valves

Actuators

- Pneumatic Actuators
- Electric Actuators

We also have special application valves, including Coking Valves, Switching Valves, Double Block-and-Bleed Valves, and Trunnion Ball Valves.
